

24 January 2022

Dear Parent/Carer,

Stem Industries Talk

As Science Week is fast approaching (14 – 18 March) we would like to take the opportunity to hear from a range of parents working in the Science, Technology, Engineering and Mathematical industries (STEM).

This may range from doctors, to factory owners. We believe that it is important that we open our children's eyes to the vast careers that science can provide, to hopefully motivate and inspire them for the future.

Please be aware that due to restrictions this may be carried out virtually if required staff can be on hand to assist. If you would be interested in talking to the children in class or in an assembly, please fill out the form below. We look forward to your responses. Once again thank you for your continued support.

Yours Sincerely

Mrs S Jagger
Science Lead
