

7th March 2023

Dear families,

As you may be aware, it is British Science Week 10th - 19th March.

This year's theme is 'Connections' and each year group will be taking part in virtual events and activities to promote curiosity and to celebrate science, technology, engineering, and maths (STEM).

To continue our Science celebrations, we are excited to announce that we have been invited to participate in the 'Great Science Share' on Tuesday 13th June.

We have chosen to move the proposed family Science event from Friday 17th March to Tuesday 13th June. Parents/carers (Reception - Year 6) will be invited in on this day and further information will be sent closer to the time.

Thank you for your continued support,

Mrs Jagger
Science Lead
