Reading Ambassador Profile

My name is Anya, I am in class 4H. I love playing with my dog Winnie, who is a cockerpoo, and reading! I'm writing about my favourite books which are all from the same author, who is David Walliams. I love his books because they are funny and his books can put a smile on your face and give you lots of great ideas to think about. The books are also adventurous as he puts his character in dangerous situations; like in the world's worst children, bad things happen to the children who don't behave, but there is always a happy ending! I would recommend books by David Walliams as they are fabulous books for both boys and girls.

My name is Katie and I am in 3H. My favourite book is The World's Worst Children by David Walliams. I like reading books because it can take your imagination anywhere, real or not. It is my escape mechanism!

My recommended book is the World's Worst Children because it is very funny.

Book Review

The World's Worst Children by David Walliams

I like this book because it's really funny but also naughty. It has lots of special different stories about the children. The best one is Bertha the blubberer. She is sneaky, she tricks her mum and dad and cries like a baby and pretends that her brother did it. If you like to laugh, this is the book for you!

The Twits by Roald Dahl

This book is about Mr and Mrs Twit playing tricks on each other. I like this book because I can get more tricks from it and do them on my mummy and daddy. The book is really funny. In one chapter Mrs Twit puts one of her glass eyes into Mr Twits cup of tea.

Class Book

Every half term each year group has a set book to read. This is a review of one of them.

Room 13

By Robert Swindells

This is a book about a class that go on a school trip. It has many exciting and strange adventures and discoveries. In the story a group of children wake up in the night and find Room 13.

Best part

For me, the best part was when the vampire dies so that no one can get hurt from it.

What I like about it

I like how it is a mix of genres. Overall, I would give this book 6/10.
