

23 November 2020

Dear Parent/Carers

### **Virtual STEM Club**

I would like to make you aware of an opportunity for your child to engage in a virtual STEM (Science, Technology, Engineering, and Mathematics) Club. The national STEM Club provides an opportunity for young people, families and schools to take part in sessions provided by STEM Learning.

Families can engage in practical and hands-on activities that support curricular learning and boosting understanding and knowledge of STEM topics. Sessions will be delivered by a variety of STEM Ambassadors, partner organisations, schools, teachers, technicians and students. The sessions will be pre-recorded with subject experts and club leaders on hand during the sessions to answer questions in the YouTube chat.

Sessions will occur fortnightly during term time on Wednesdays starting at 4.30pm and last 30 minutes. The club is aimed at different age groups and abilities.

The planned dates are:

25 November	4.30- 5pm
9 December	4.30- 5pm
13 January	4.30- 5pm
27 January	4.30- 5pm
10 February	4.30- 5pm
24 February	4.30- 5pm
10 March	4.30- 5pm
24 March	4.30- 5pm

If you are interested in the sessions, you can join the YouTube community:

<https://www.youtube.com/stemlearning>

If you do take part in any of the sessions, I would love to see the pictures on Twitter!

Yours sincerely

Mrs Jagger  
Science Strategic Lead
