

1 March 2023

Dear families

## **Homework / Project**

As always, we are blown away by the effort your children go to when completing topic homework and project work.

In response to feedback, we would like to clarify about children cooking or baking things as part of their project work.

As you are aware, we have a number of children and staff with severe allergies and we are a nut free school. We also have children who are lactose intolerant, along with other allergies and intolerances.

We are happy for children to bring in baked/cooked items as part of their topic and ask the following:

A full list of ingredients must be provided, so we can check against it for specific children.

No food brought in can contain nuts.

The food brought in will be available for children to take at home time and we ask that these are not eaten until they are with an adult from home.

An alternative to this is for you to video/take photos of your child preparing and cooking and post them on your child's class Twitter (and share on the whole school Twitter, if you wish).

Thank you for your understanding and cooperation.

Yours Sincerely

**Mrs R Hewitt**  
Principal
